TeamConnect® Collaborati Spend Management 6.2.2 Patch 2

Release Notes

TeamConnect® Collaborati Spend Management 6.2.2 Patch 2 (PCSM6202002) provides the following enhancement:

Issue: Unable to authorize timekeepers when mapping to a contact card with existing rates

Tracking code: SUPPORTPRI-55048

Support Case: 2020-0528-615550

Important: You may only apply this patch to CSM 6.2.2.

The fix for this issue will be in the next CSM release.

OVERVIEW

The following list is a summary of the procedures necessary to install this patch.

1. Log into TeamConnect® as an administrator.
2. Click the **Admin** tab.
3. Click **Admin Settings** under the tab bar if it is not already selected.
4. In the left pane, click the **About** link.
5. In the **Available Updates** section, follow the instructions below to install the patch.
    a. Click on the **Show updates available for installed products** button.
    b. Locate CSM 6.2.2 Patch 2.
    c. Click **Install Now** and follow the installation instructions.
6. After successfully installing this patch, stop and start your TeamConnect® instance.
