1   TeamConnect® Deadlines 5.0.1

TeamConnect Deadlines 5.0.1 integrates Deadlines.com, a product from Aderant, into TeamConnect. Through TeamConnect, you can generate and keep track of deadlines for each matter.

For complete configuration details, see the *TeamConnect Deadlines User Guide*.

2   System Requirements

To install TeamConnect Deadlines 5.0.1, you must be running TeamConnect Enterprise 5.0 (or later 5.x version).

TeamConnect Deadlines supports the same browsers for the respective TeamConnect version you are using with the exception of the Safari browser.

3   Upgrade Considerations

Deadlines 5.0.1 can only be upgraded to from Deadlines 5.0. For more information on this upgrade, see the *TeamConnect Deadlines 5.0 Release Notes*.

4   Changes and Enhancements

The following section details the changes and enhancements built into the Deadlines 5.0.1 release. Each enhancement is listed in the following format:

- Enhancement
- Internal Tracking Code
- Location of additional documentation, if applicable

Enhancement: Deadlines can now be populated with two new fields from Aderant: Category Code and Category Name.

Tracking code: TC-6674, TC-7632

Additional detail: These fields appear in the Deadlines Details block. These fields will only be applied to new Deadlines not be retroactively applied to existing Deadlines prior to the update.
