

TeamConnect Legal Matter Management 5.0.1 Patch 6 Release Notes

This document provides instructions for installing TeamConnect® Legal Matter Management 5.0.1 Patch 6 (PTCL5001006).

The following patch is a client-specific resolution for existing TeamConnect defects. As such, users will need to contact Mitrtech Support ahead of any future upgrades to obtain a custom Upgrade Toolkit.

Important: TeamConnect® Legal Matter Management 5.0.1

Issue: A rule was generating errors and performing inconsistent updates.

Tracking code: SUPPORTPRI-48604

Case number: 2019-0423-522449

OVERVIEW

The following list is a summary of the procedures necessary to install this patch.

1. Contact TeamConnect Support through the Support Portal, if you need this patch.
2. Once support has provided you with the files, please navigate to the Documents tab in TeamConnect and open the folder with the following path:

Top Level → System → Object Definitions → Contact → Rules → Automated Actions
3. Check out the existing copy of RuleUpdateAccountNamesOnContactNameUSYS.class.
4. Check in the new version of RuleUpdateAccountNamesOnContactNameUSYS.class provided.
5. Upload the file RuleUpdateAccountNamesOnContactNameUSYS\$1.class.
6. Stop and start your TeamConnect instance.

Note: Use ojdbc6.jar or ojdbc7.jar drivers for Oracle while installing Legal Matter Management.
