1 TeamConnect® Legal Matter Management 5.0

This document outlines the enhancements and installation for TeamConnect Legal Matter Management 5.0.

For complete setup and user details, see the *TeamConnect Legal Matter Management User and Admin Guide*.

2 System Requirements

To install TeamConnect Legal Matter Management 5.0, you must be running TeamConnect Enterprise 5.0 or later and have administrator rights on your instance.

3 Installing Legal Matter Management

You must have administrator rights to install Legal Matter Management.

To install Legal Matter Management 5.0

1. Click the **Admin** tab, and then click the **Admin Settings** link.
2. In the left pane, click the **About** link.
3. In the **Available Updates** section, click the **Show updates available for installed products** button.
4. From the **Legal Matter Management 5.0** row, click the **Install Now** link.
Note: Use ojdbc6.jar or ojdbc7.jar drivers for Oracle while installing Legal Matter Management.
5. The installer will begin to download. After completing the download, run the installer.
6. After successful installation, clear the cache for WebLogic or Tomcat.
7. Restart TeamConnect.

4 Changes and Enhancements

The following issue(s) have been fixed in Legal Matter Management 5.0. Each resolved issue is documented in the following format:

- A description of the change
- Internal tracking code, if available
- Salesforce case number, if available

Issue: Legal Matter Management 5.0 now has updated settings page for a more modern User Interface and better adherence to 508 compliance.
