**Release Notes**                                      Document ID: lmm_5_0_1_rn_1

# 1   TeamConnect® Legal Matter Management 5.0.1

This document outlines the enhancements and installation for TeamConnect Legal Matter Management 5.0.1.

For complete setup and user details, see the *TeamConnect Legal Matter Management User and Admin Guide*.

# 2   System Requirements

To install TeamConnect Legal Matter Management 5.0.1, you must be running TeamConnect Enterprise 5.0 or later and have administrator rights on your instance.

# 3   Installing Legal Matter Management

You must have administrator rights to install Legal Matter Management.

**To install Legal Matter Management 5.0**

1.  Click the **Admin** tab, and then click the **Admin Settings** link.

2.  In the left pane, click the **About** link.

3.  In the **Available Updates** section, click the **Show updates available for installed products** button.

4.  From the **Legal Matter Management 5.0** row, click the **Install Now** link.

5.  The installer will begin to download. After completing the download, run the installer.
     **Note:** Use ojdbc6.jar or ojdbc7.jar drivers for Oracle while installing Legal Matter Management.

6.  After successful installation, clear the cache for WebLogic or Tomcat.

7.  Restart TeamConnect.
