### Error Corrections

S. No	ID	Description
1	INTSUP-2703	In the IntegrumNow app, when a user raises a new Smartform, the app neither allows the user to change the MR nor displays any value in the MR field.
2	INTSUP-5144	The IntegrumNow app users are unable to download the app from the Google Play Store with Android OS version v13 or v14. The app does not appear for download and displays the message "This app isn't available for your device because it was made for an older version of Android".
